Covelo Community Service District Fire Hydrant Planning Project

Department: Transportation
RFP Number: 260006
Start Date: 05/05/2026 4:34 PM
Close Date: 06/24/2026 4:30 PM
Awarded: No
Pending : No
Failed: No

Project Summary:

Mendocino County Department of Transportation (DOT) requires the services of a Professional Engineering firm to provide civil engineering, environmental and project management services for planning and preliminary design of a fire hydrant system and the information needed to complete the LAFCo process to conduct a ballot process to set up ongoing district maintenance funding. The project is located in the town of Covelo in Round Valley, California, in the County of Mendocino. Proposals are due by June 24, 2026, 4:30 pm.

The project is needed for fire hazards currently threatening Covelo Community Services District (CCSD) service area. Direct any questions to Howard Dashiell at dashielh@mendocinocounty.gov.
